

RELEASE NOTES

EasyNVR Recorder Firmware (v. 11471)

release date: 5/11/2018

COMPATIBILITY

- This version of firmware is compatible with all EasyNVR recorders

FEATURES/UPDATES

- **UPDATED** to maintain connectivity to OpenEye Web Services (OWS)

PREVIOUS VERSION UPDATES

v11468 (release date: 5/31/2016)

- **Improved** connection to recorders when using OpenEye Web Services
- **Added** popup notifying the user "Freeze or Sequence is enabled" when user tries to use any other functions
- **Changed** top navigation bar to hide 3 seconds after boot
- **Added** to remote configuration:
 - Configure Network Settings
 - Configure system Time/Date
 - Set factory default except for Network settings
- **Added** "Exit" button to Playback interface
- **Added** "Test Email" function to email setup to test email notification. This works from local and remote interface.
- **Added** Stream 2 FPS and Bitrate configuration to local and remote interface
- **Corrected** exported AVI files no longer show ghosting
- **Corrected** deleting registered recorders from OWS and recorder still behaving as if it is registered
