

### **Network Camera Manager (v2.2.0.66)**

*release date: 2/22/2019*

**We are releasing Version 2.2.0.66 of Network Camera Manager.**

#### **Major Changes From Versions 2.1.0.5302:**

- NCM now centers on launch
- Added about dialog with link to license agreements
- Updated camera credential dialog UI
- Added TV system configuration option
- Improved discovery accuracy
- Improved stability when configuring encoders
- Fixed an issue with discovery on Linux
- Fixed an issue with canceling the reboot dialog still causing a reboot
