

RELEASE NOTES

IP Camera Firmware (version # pc20150516NSA)

release date: 06/01/2015

COMPATIBILITY

Compatible with current generation OpenEye IP cameras:

- CM-650
- All CM-722 models (CM-722I, CM-722AI, CM-722VF)
- CM-L812
- CM-M806
- CM-816
- OE-C6112 and OE-C7112
- OE-C6412-R, OE-C6412-RT, and OE-C7412-FR
- All OE-C7163 Models (OE-C7163, OE-C7163-A, OE-C7163-R, OE-C7163-AR)

FEATURE ADDITIONS / CHANGES

- Snapshot authentication modified for ONVIF 14.12 test tool compliance.

RESOLVED ISSUES

- C6112/C7112 cameras now show DNR settings.
- Both admin and Admin now work when streaming authentication is enabled.

NOTES

- Known issue - buttons do not change to French language (all menu text does change).
